

Occupational HealthCare
Industrial & Family Medicine

A Notice for Patients Arriving with Minors

- Infants and children cannot be left unattended in this facility at any time.
- Occupational HealthCare staff is not allowed to monitor your children while you are here for testing of any kind.
- Infants and children are not allowed in testing areas with the donor at any time.

If you cannot adhere to this policy at this time, Occupational HealthCare will NOT be able to perform your testing and you will be directed to the requesting employer.
